# VISION 2024

- To ensure that our undergraduate and post graduate programs are of the highest quality, responsive to intellectual developments and student needs, inclusive, and organized around best practices in teaching and learning (project based learning, case studies etc).
- To further strengthen research environment in the Department.
- To obtain funding from Government and through philanthropy, individuals, corporations and foundations.
- To retain graduate students of the highest caliber.
- To enhance Industry- Institution Linkages.
- To contribute towards the fulfillment of the Institutional goals.

I thank  
you!
