

Banasthali Vidyapith

Annual Gender Sensitization Action Plan

Banasthali Vidyapith is the second largest Women's residential university in the world. It is solely dedicated to bringing gender equality and establishing a harmonious and developing society where both male and female can work together for a better growth and achievement. Therefore, women's empowerment and gender equality are some of its priorities. Vidyapith carries several programmes in order to sensitize the individual and the society about some significant issues related to gender so that some positive changes can be brought in the attitude of the people as far as gender is concerned. Vidyapith lays the following action plan for gender sensitization.

- Orientation Programmes about the strong role of women in society, education and culture.
- Promotion of several activities related to nutrition, health, self-defense and encouraging entrepreneurship among the female students.
- Organization of several workshops related to safety and security, career guidance and enhancement, cyber-crime, financial investment, and financial freedom.
- Conducting suitable counselling sessions where students can get proper guidance related to their gender related problems and professional growths.
- Organization of seminars and symposia on the larger issue of gender, identity, economy, and ecology.
- Conducting several programmes related to female feticide, AIDS awareness, role of women in agricultural industry and in the building of the nation.
